TODAY

Rudy Garcia, Whittier Rotarian and Acting Chief Program Officer for First Day, introduced himself to the club.

Raised in South Central LA, Rudy earned a BA in criminology from CSUN; then worked in an animal rehab hospital before moving on to Fresh Start Sober Living, and now, First Day.

Rudy, his wife, Kristina, and their 19-month-old daughter, Mika, share a home with 2 dogs, 1 Green-Cheeked Conure, and 1 Albino Ball Python.

100 YEARS AGO

1925's Nov 6 *Rotogram* featured a new Rotarian: E. W. Blew, portrait photographer. Mr. Blew enjoyed a national reputation for artistry in photography and worked out of a studio at 129 South Greenleaf (west side of Greenleaf, south of Philadelphia).

For those who didn't know we had a 129 address in Whittier, here is a little history. In 1966, we switched to a county numbering system that had downtown LA as zero from a town array with Greenleaf and Philadelphia as zero. North, south, east, and west radiated out from the zero point.

DID YOU KNOW?

Bharat, India, Rotaractors and Interactors joined 1,200 young people to host placards spelling "Polio Free Bharat".
