THE WHOLE CHILD

The Whole Child (TWC) aided 1,400 children with mental health services last year. Starting at birth, identifying and treating socio-emotional symptoms using evidence-based practices is key to their success.

Established in 1957 by a caring group of women, Constanza Pachon joined TWC in 2018.

Whittier Rotary is proud to support TWC with funds raised by Rotary's Mental Wellness Walk in May.

ORCHARD COMMUNITY

Orchard Community is based in Greater Whittier. Since 2019 they have nurtured twelve young men with housing, job preparation, and kitchen skills.

Michael Liaw, Founder & Executive Director of Orchard Community, is the live-in counselor at their Whittier-area home.

All four residents are full-time students or employed. They reside at Orchard Community for a few months to four years. Each young man shares in the chores and pays a low rent.

DID YOU KNOW?

Rotarians throughout Korea aided thousands of residents displaced by the largest wildfires in Korea's history.
