SIERRA ROBERTS

Sierra Roberts is one of our newest club members, but her ties to Rotary go back to 2018.

Sierra was a Rotary Exchange student in 2018-2019, studying in Colombia.

While studying in Colombia, she lived with a family in Santa Rosa de Cabal on their *finca*—a small farm—in the Andes Mountains, established in 1850, that grows coffee.

The family's son spent that year as a Rotary Exchange student in Germany.

Sierra's year in Colombia included studying in public schools and in private schools.

Her tourist activities included trips to the Amazon River and to the region's most indigenous area, La Guajira.

As the photo collage suggests, Sierra was active in Rotary events—painting schools and helping distribute smallpox vaccines.

Sierra graduated from UCLA in two years! A feat, she said, that her experiences as a Rotary Exchange student greatly aided.
