2,000 secondary students and their parents were introduced to Rio Hondo College's STEAM opportunities with demonstrations and prizes.

## RECENT

March 15 saw middle school students and their families explore Rio Hondo College's Science, Technology, Engineering, Arts and Math (STEAM) programs at Rio Hondo College.

Your Rotary dollars have supported this recruitment festival for several years now, and it is always an exciting time to be on campus

Dr. Garima Garg, Chemistry & Mathematics, coordinates the event, and regularly updates members.

## LONG AGO

March 28, 1952: *Rotagram* detailed how **East Whittier School** students entertained members. The mixed chorus of 7<sup>th</sup> and 8<sup>th</sup> graders sang "Oh, What a Beautiful Morning", "Don't Fence Me In", and more. Accordion and piano solos were a bonus.

What Rotary means was next in the newsletter. The short answer from Paul Harris, who called himself "the lonely Chicago lawyer", was fellowship. The psychological and sociological benefits of sharing fellowship continue to guide Rotary today.

## DID YOU KNOW?

Rotarians in the Netherlands hosted a symposium on conflict in the Democratic Republic of the Congo.

## UPCOMING

Saturday, March 29, all day, Mexico Home Build

Friday, April 4, 12:10
