## ROTARIAN SIERRA ROBERTS

SIERRA ROBERTS, Whittier Rotarian, shared what she does and why.

Sierra is a GISer. When a city, or anyone, wants to understand a problem, Sierra comes to the rescue using the Geographic Information Systems maps. Currently, one of her projects is mapping street quality for the City of Industry.

Sierra started college as an Economics major, but soon found Geography more interesting. As a child, she remembers making maps of her family's backyard.

Honorary Whittier Rotarian Ke Dialani visited with an invitation: dine on Aug 15 at California Fish Grill, mention "Fund2024," & help the CHP Senior Volunteer program.

Issue 3-B? You may have noticed the strange issue number for today's *Rotogram*. Your editor can't count. We went from Issue 1 to Issue 3! So, 3-B is meant to get us back on track.

Sadly, Rotarian Dave Harris died yesterday at his home. Please keep his wife, Iris, and his family in your thoughts.

## DID YOU KNOW?

The Rotaract Club of Belize City, Belize, "is renovating a rural school and a Rotary club-sponsored park..."

## UPCOMING

Thursday, Aug 8, 6pm  
Rotary Social, The Stand,
