## Quartermania 2023

### TONIGHT

Rotarians enjoyed fine company and good libations in Uptown Whittier at THE 6740 tonight.

While topics focused on vacations past and music, members got to know each other better and benefited, hopefully, from good advice. It was traditional Rotary networking and socializing—a winning formula for more than 100 years.

Exciting plans for Community & Youth Awards and Quartermania rounded out the cheerful social evening.

### 91 YEARS AGO

1933 Sept 12 *Rotogram* pitched an upcoming Rotary “trip through the Kenwood Woolen Mills” led by Rotarian Irving Ahlswede. Editor’s note: Probably, this “trip” was pictures from his vacation, as the only Kenwood Mills that I could find via the Internet was in Canada in 1933.

A recent club outing on September 6 to the Montebello Rotary Club was a big success. Twenty Whittier Rotarians made the short drive over the San Gabriel River. October 4, 1933 will be the Rotary District Governor’s Assembly in Long Beach.
