## TODAY

Principal Tiffany Tagle and Community Schools Coordinator Melissa Lopez wowed Rotarians with the great things occurring at Edwards Middle School. A California Distinguished School, Edwards is a STEAM & Dual Immersion Academy that combines science and the arts with bilingual and biliteracy achievement. Parental advice is incorporated into the offerings.

We Rotarians partnered with Edwards in the past to build a Butterfly Garden, and two new projects are in the works.

## LONG AGO

1933 saw the September 20 Rotogram express a hope that the Whittier Rotary Tennis Team would get back in the swing of things now that Sports Committee Chair Bill Hopkins was "back from wherever he went..."

The Rotogram editor hoped that we could regain the Round Robin title from the reigning champs, the Kiwanis Club.

Whittier Rotary's next meeting (in 1933) will be at the Hacienda Club.

## DID YOU KNOW?

Bombay Seacoast Rotary Club, India, hosted a high tea for 150 veterans injured on duty and their families.
