CHEMORIDERS.ORG

1925

Rotarian **Jeff Molby** is bicycling across America recruiting volunteers to drive local cancer patients to their chemo treatments. His first recruit was his mom.

From Caro, Michigan, Jeff has pedaled 18,000 miles in two years. He has only 2,000 miles left to go and until October to get it done.

Jeff has worn out three bicycles and figures it is worth it to aid cancer patients facing transportation barriers.

Rotary District Conferences are a big thing.

In 1925, according to the *Rotogram* of February 27, members hung Whittier Rotary pennants from their car antennas and headed off. Once in Fresno, members wore arm bands to put Whittier "on the map".

Turns out, 1925 was the first time any Whittier Rotarians enjoyed a Rotary District Conference.

FYI: This year's Multi-District Conference is April 24-26, 2026, in Chula Vista.

BIRTHDAYS

Ramiro Rubalcaba,
March 10

Jeff Nickell, March 17

Delia Morales, March 23

Marci Ellison, March 30

Gina Lopez, May 23

Monica Peters, June 4
