ROTARY TODAY

Our own Irene Muro's craft talk featured her interest in Latinx Homelessness. Irene's career began at a leading immigration rights organization. In 2015 she took leadership at Whittier's First Day homeless coalition. Now, she has moved to the US Housing & Urban Development Dept., where she will oversee HUD homeless grants.

Latinx face low income, lack of documents, etc., and Irene is dedicated to serving their needs.

ROTARY THEN

January 26, 1938's Rotogram touted the upcoming International Service Committee's program—Calvin Flint, Rotarian, and Chair of the Political Science Department at Santa Ana Junior College.

Flint will share his "observations on his trip through continental Europe."

No details on what Flint saw, nor what he concluded, but given the year, 1938, and his expertise in politics, it should have been very interesting.

DID YOU KNOW?

Rotarian & pediatrician Dr. Anand Jah, Birgnaj, Nepal Rotary Club, conducts conferences on child nutrition.
